Testimony in Opposition to HB 6616: AN ACT CONCERNING EXPANSION OF HUSKY HEALTH BENEFITS TO THOSE INELIGIBLE DUE TO IMMIGRATION STATUS.  
(Sponsors: Reps. Rosario, Nolan and Michel)

Dear Chairmen and Members of the Human Services Committee,

I am Anne Manusky, 24 year citizen of Connecticut, wife, mother, former Licensed Professional Counselor and CT Republican Assembly President.

The citizens of the state of Connecticut are under duress with the majority party members promoting bills to “help” people. We are now with the bill before the CT General Assembly to codify illegal immigrant children's health benefits on the taxpayer dollar. Seeing what the public health system has done under “COVID” many citizens question “health care” as it exists in CT.

We believe in the protection of the American people and their sovereign right to rule themselves”; the state of Connecticut taking in illegal immigrants and providing them healthcare .... This is a violation of our American principles.

Healthcare is not a right.

The governance of Lamont with majority Party Democrats and Progressives bear the responsibility of the damage being done to Connecticut citizens and their wallets, be it in their state or Federal taxes.

Where are the Democrats who are working to end the border crisis? Please contact Senators Blumenthal and Murphy to assist with the actual issue.

In closing, I write in opposition to this and other bills extorting funds from CT taxpayers for illegal immigrants.

In Faith, Family and Freedom,

Anne Manusky, M.Ed.  
President
